# THE CHARLEROI MAIL

Entered second class mail at Charleroi, June 28, 1899, according to Act of Congress of March 3, 1879

VOL. X. NO. 62. CHARLEROI, WASHINGTON CO., PA., FRIDAY, OCTOBER 29, 1909. One Cent

## PRESIDENT FRANCIS FEEHAN WAS ASKED TO ENDORSE THE CIRCULAR

### Some Interesting Facts Made Known in Letter to Mail

### MOFFITT OBEYS THE LAW

That the circular for which Obediah Turner of Washington was arrested Wednesday for distributing in Monongahela was only a political trick to injure the candidacy of John H. Moffitt for controller is evidenced by the refusal of President Francis Feehan of District No. 5 of the United Mine Workers to give it his endorsement. John J. Oates of Charleroi, a field inspector of the State Health Department, who is now located at Canonsburg had a conference with President Feehan yesterday and learned the facts of the latter's action, in the matter, which are given in the following letter:

To the Mail: Always being interested in the struggle of organized labor I was more than surprised to see in the papers this morning that John H. Moffitt was accused of favoring scab labor in preference to union labor by having the ballots printed by the firm that gave the lowest bid. There is, Mr. Editor, a difference of opinion as to the lowest and best bid, and this is what appears to have awakened this remarkable appeal to organized labor by the Democratic party.

Knowing John H. Moffitt as I do, particularly during the trying times of 1903-4, I have every reason to believe he never let, if he had the power, which I doubt, the contract with the idea that the working men would suffer. Being a neighbor of Mr. Moffitt for many years and knowing of his many acts of kindness, I do not believe that organized labor was with Mr. Turner, whoever he may be. Organized labor does not do business like that. If the law did not so require Mr. Moffitt would be the last man in the world to let the contract to a non-union shop. Organized labor generally fight for what it wants.

In this case Turner makes an appeal to the passions of the mine workers' organization, and asks them for an endorsement of the circular. President Feehan, knowing the sense and reputation of the organization for fair dealing, and that it knows no party in the fight for justice, asks Mr. Turner if he had an endorsement of the circular by his own local, or from the Trades Assembly of Washington. Mr. Turner said no. President Feehan refused to give his endorsement to the circular. To the men who know Francis Feehan, this refusal means very much. The latter's strong advocacy of the union label is well known, but like all goood union men the appeal must come clean. President Feehan told Mr. Turner he should get his home endorsement, but the latter could not, and yet with the help of some one he is condemning the candidacy of John H. Moffitt.

Belonging to an organization for 27 years, and participating in the victories and defeats, I can say that organized labor never took advantage of any one. It is always willing to have its cause made public

Very respectfully,
JOHN J. OATES.

Canonsburg, Pa., Oct. 29.

### Strayed or Stolen.

A Holstein cow, 4 years old, either strayed or was stolen from pasture field on Smith Frye farm on Wednesday. Any person returning the cow or giving information leading to its recovery will recieve a reward of $5. C. D. Paoly, 905 Meadow avenue, Charleroi. 61t2p

### Solly is Back.

Solly Stroup, formerly of Charleroi, returned from Alaska yesterday and is anxious to get into the boxing game once more. He claims the lightweight championship of Alaska, having won 12 fights, all he participated in, while in that section. He fought in Fairbanks, Nome and Dawson, his last match being with Jack Marshall of San Francisco on Labor Day, knocking him out in 18 rounds. Stroup met McClelland, Campbell, Hamilton, Henninger and others in this section before going North.

## COUNCIL MAY TAKE UP GAS QUESTION

Apparently in the the fluster of completing the arrangements for Hallowe'en, and making other plans, the gas question has been forgotten by many. There has nothing been done towards taking any action. The people feel that it is up to some one to take the initiative in the calling of a public meeting, or something of the sort, but no person seems to want to be that one. It has been suggested that the Merchants Association take up the matter.

Council may discuss plans of securing a rebate, after they get out of the all absorbing milk question, but at the present time, it is hard to predict that they will do anything. The question may be taken up at the next meeting, however, and it is will probably end in preliminaries being made for a fight.

California and Donora are both ready and willing to join hands with the local people in the proposed fight, and Donora is having the Philadelphia Gas company prepare bids, with a view of having them given to the town. The council could do the same, inasmuch as the Philadelphia company has a line running through here.

### The Merry Cobler

This evening the dramatic section of the Monongahela Turn Verein will present at the Charleroi Turner Hall the beautiful comedy drama in four acts entitled "The Merry Cobbler." It is a catchy comedy in which each artist in the large cast has plenty of opportunity to show his or her ability and the personnel is composed of some of Monongahela's best amateurs. William Volker, the instructor, and a man well up in professional theatricals, takes the stellar role of "The Merry Cobbler" and he is ably supported by an exceptionally clever cast. The advance sale of seats has been encouraging and the outlook is for a well filled house this evening when the curtain goes up.

### Something More Needed.

The Brownsville church workers are going to clean up the politics of Brownsville and preserve the purity of the ballot. The reformation of political methods in Fayette county is up to the honest and self respecting citizens without regard to their church relations; in fact, a church membership is not always a guarantee of good citizenship.—Connellsville Courier.

### Understudy Did Well.

Last night Paul Burns, leading man of the Paul Burns Stock company at the Monessen Opera House, was taken sick in the first act and was unable to continue. His part was taken by Harry Fisher of the company, who with little previous study of the role acquitted himself most creditably.

### Hunters Shoot Colt.

Reckless hunters shot a colt valued at $200 belonging to John McKennan on the latter's farm in North Franklin township this week. The animal had to be killed.

## BELL TELEPHONE CO. TO INSTALL CABLES FOR THE TRUNK LINES

The Bell Telephone company is preparing to make extensive improvements in this section which will greatly improve the service among the valley towns from and including Donora to Belle Vernon. This will be the hanging of cables over this part of the district. Four towns will be in the group to be benefitted by this improvement, Charleroi, Monessen, Belle Vernon and Donora.

The work will be begun within a short time, John Holland, an expert in the hanging of cables, from the Bell company's construction department at Pittsburg, to be in charge of the work, It will take a matter of months before the work is completed.

By the hanging of cables, there will be a distinct and much needed improvement in the Bell Telephone service. It has been noticed that in the past occasionally, there has been trouble by Belle subscribers in getting calls to the others towns in this group, and that occasionally when they are talking a roar on the line is noticeable. The cables will be 50 pair. The material is already on the ground and the work will start within a few days. Not only will the four towns be connected by the cable service, but additional cables will be hung in Charleroi, Monongahela and the other towns named above. The Bell company is given considerable attention to the valley at the present time, and making many improvements that will aid in establishing a higher grade of efficiency.

## RELEASES OF DAMAGE ARE NOT YET SECURED

Comparatively few releases of waivers of damages have been secured along the Donora and Monongahela road which it is proposed to brick. There has been some trouble about securing releases of damage, some of the property holders near Donora refusing to agree to sign waivers. Until they are secured all along the route, the county commissioners will do nothing towards having the work begin. Monongahela has secured part of the releases along the road near that borough.

## FLAMES DO DAMAGE TO A DONORA HOUSE

A house at Donora belonging to T. B. H. Brownlee of Washington was much damaged by fire yesterday morning at 10:30 o'clock. The flames originated in the second story of the house and before the firemen could respond to the alarm, which was turned in immediately, had a good start. The cause of the fire is unknown, but is supposed to be from a gas leak. The house was occupied by two foreign families, who sustained a large loss, by damage to their household goods.

### Still Making the Rounds.

B. R. Clawson, of Broadhead, Wis., representing a large carpet and grass matting firm of that place, of which his son-in-law is the head, was here over yesterday, and visited his nephew, J. L. Reeves of Fallowfield avenue, and niece, Mrs. M. E. Chalfant of Washington avenue. Mr. Clawson is probably one of the oldest traveling men on the road at the present time, being not far from 75 years of age, yet he is still active, and covers fifteen States, selling in the principal cities.

### "The Merry Cobler."

A comedy drama in four acts in Charleroi Turner Hall, Friday evening, October 29, 1909 by the M. T. V. Dramatic section of Monongahela. Tickets twenty-five cents. Doors open at 7:30 performance at 8:25. Tickets on sale at Piper's Drug Store. 57t6

### Notice.

To members of Charleroi Lodge No. 1030 I. O. O. F. There will be a special meeting Friday evening at 7:30 o'clock at the I. O. O. F. hall to make arrangements for the funeral of Brother J. G. Phyle. All members requested to be present.

Robert Craig,

### Just Think.

Ten cents out of every dollar you spend at Berryman's on Saturday, the Tag Day, goes to the Hospital fund. 62t1

## FIREMEN WILL TURN OUT IN UNIFORM FOR PARADE ON MONDAY

The Charleroi Fire Department will turn out with full equipment and in dress uniform for the parade Monday night, in the observance of Hallowe'en. It is supposed that there will be nearly a hundred members in line.

There will be two or more bands. It has been suggested that this would be a good time for the Italian band to make its first appearance. The Washington Avenue Boys' Brigade will be in line under the command of Capt. Walgreen.

## GRAND JURY TO TAKE UP WORK ON MONDAY

The grand jury for the November term of criminal court will be called together on next Monday afternoon, and will take up the list of cases set for this term. A week from Monday trial court will be convened and there will be court every day, except Sunday and holidays, until almost the first of the year.

There are 150 cases on the dockets, but as a number of defendants have entered pleas of guilty it is not likely that there will be more than 80 indictments to be laid before the grand jury.

There will be two homicide cases presented to the grand jury, that of Constable John Young, charged with causing the death of Andy Gashes at Hostetter Run, September 26, and Peter Czveranikkovich, charged with the killing of Alex Bololo at Manifold.

The case of the Commonwealth against Pasquale DeSimone, charged with double killing at California, is listed for the coming term of court having been continued from that term.

### Athene Club Meets.

The Athene Club of ladies of Charleroi are holding their regular fortnightly meeting this afternoon, at the Merchants Association rooms. Five minute talks will be the feature of the meeting on the sub-topic of "The Franks," in the study of the Middle Ages. The talks will be by Miss Murial Scott on "Clovis," Mrs. T. L. Brown on "Charles Martell," Mrs. H. J. Booth on "Pippin," and Mrs. A. O. Davis, on "Charlemagne." Quotations were given by members of the club, in reference to the topic of discussion.

### Well Entertained.

"A Trip to the Orient," illustrated with stereopticon views was presented by the Dorcas class of the First Presbyterian Sunday school at the church last night. J. D. Morrison of Pittsburg was the lecturer and he has traveled through Egypt, India, China and other countries of the Orient.

Miss Mildred Lamb of California gave some interesting recitals which were well received.

See Berryman's Tag Day Sale ad on last page. 62t2

### Kept Daughter From School.

John Pittall was fined $2 and costs by Justice Wilson, last night, for not sending his 12 year-old daughter to school. Information was made by Truant Officer Uptecraft against the man, and it was apparently no difficult matter to prove the truth of the charge.

### Help the Hospital.

We are offering many choice bargains for Saturday, the Charleroi-Monessen hospital Tag Day, thereby enabling you to save money on your purchases and also swell our gift of 10 per cent. of our cash sales to the fund.—Berryman's 62t1

The Misses Marie and Marguerite Bertram entertained at their home on Lookout avenue about thirty of their friends from Charleroi and Monessen. The evening was very pleasantly spent in playing games. Lunch was served at 11 o'clock, after which the guests departed for the respective homes.

Don't forget Tag Day on Saturday at Berryman's means that out of every $1.00 you spend there, 10 cents of it goes to the Charleroi-Monessen Hospital as benefit. 62t1

### Big School Enrollment.

Washington borough schools have completed the second month's work of the 1909-1910 term. The enrollment the past month was 8,137.

## FERMENTED KETCHUP EXPLODED AND FOUR PERSONS ARE BADLY INJURED

### Glass Bottle Burst and Pieces of Glass Fly in Every Direction

### HOME OF REV. SECHINSKY

With the sound of a bomb a bottle of ketchup exploded at the home of Rev. J. Sechinsky of the Russian Orthodox church last evening at about 8 o'clock and four persons were much injured about the face and head. A fifth, a guest from New York of Rev. Sechinsky was not much hurt. Rev. Sechinsky himself was the most injured, while Councilman Charles Schmieler and daughter and a niece, who were to take supper with Rev. Sechinsky, were badly injured.

It is supposed that the bottle containing a small amount of ketchup had been closed too tightly and becoming slightly soured started to ferment. This caused the air to become compressed, and finally ended in the explosion.

It was thought at first that it was a bomb that had been set off, in an effort to kill Rev. Sechinsky. Mr. Schimeler's was rendered unconscious, and everyone in the room was blinded. It required the services of two doctors for Rev. Sechinsky, but he is getting along very well today.

### More Gauging Stations.

The Pittsburg Flood commission, of which H. J. Heinz is president, will have established along the Monongahela and Allegheny rivers ten additional gauging stations for the measuring of the volumn of flow of certain of the major tributaries. The Water Supply Commission of Pennsylvania is operating about 50 gauging stations on Pennsylvania streams. With the establishment of the ten new stations an accurate determination can be made of the daily flow of all the larger tributaries of the Allegheny and Monongahela rivers.

## CHANGE IN HUNTING LAW PLEASES FARMERS

Farmers in the neighborhood of Charleroi are much interested in a law, which is to be put into effect. It has been custom for farmers to post trespass notices on their farms to present trespassing thereon by hunters, but through an act approved by Govenor Pennypacker, April 14, 1905, this is not necessary. All they have to do is to post "Private Poperty, Keep Off," notices. The following is the act.

Section 1. Be it enacted, etc., That from and after the passage of this act it shall be unlawful for any person wilfully to enter upon any land, within the limits of this Commonwealth, where the owner or owners of said land has caused to be prominently posted upon said land printed notices that the said land is private property, and warning all persons from trespassing thereon, under the penalty provided in this act.

Section 2. Every person violating the provisions of this act shall be [illegible] not exceeding ten dollars, together with the costs of prosecution, to be recovered before any magistrate or justice of the peace as fines and penalties are by law recoverable; and, in default of said fine and costs, the party convicted shall be committed to the county jail of the proper county, for one day for each dollar of fine imposed.

Section 3. All penalties recovered under this act shall be paid to the school fund of the district in which the trespass was committed.

The law has never until this year been enforced in this vicinity and the farmers have suffered somewhat. Now they are thinking of taking it up and enforcing its various provisions.

### Quincy Adams Sawyer Tonight.

"Quincy Adams Sawyer," which comes to the Coyle Theatre tonight, gives an honest story of wholesome people told brightly with great human interest. The pathos is of the decent sort and is never obtrusive. The fun, while fast and furious, is always cleanly. In addition, the play is given the most complete and elaborate production possible to the modern stage. The company has been selected with special reference to the fitness of the players for the work they are to perform and the ensemble shows the completeness which is welcomed by theatregoers.

### Old Injury Causes Amputation.

Peter Shone, a well known citizen and former hotel proprietor of Monessen, is recovering from the effects of an operation on Monday when he had his left foot amputated. The operation was performed by Drs. Letterman, of Coal Centre, and is the outcome of an injury received over 25 years ago when one of the toes was crushed. An abscess formed and much suffering has since resulted.

## INDICATIONS ARE FOR A BIG SUCCESS

From present indications "Tag Day" is to be held on two days, Saturday and Monday, by the Charleroi Charleroi hospital will be a big success. Tags will be sold by girls and ladies, the purpose being to raise funds for the needs of the hospital.

A special feature that will greatly add to whatever success may be obtained on Saturday, will be the special "Tag Day" sale of J. W. Berryman and Son. This firm will devote 10 per cent. of their cash sales for the day to the hospital, to go in with the amount raised by the sale of tags. This is a most generous offer inasmuch as the sales are always large on Saturday. Mr. Berryman will be making practically nothing on his sales that day as in many cases he is not making near 10 per cent. on the dry goods sold.

### Phyle

Jay G. Phyle, 33 years old, of North Charleroi, died this morning at 4 o'clock at his home after a severe illness of stomach trouble and tuberculosis. The funeral services will be held at the late home at 1:30 o'clock Sunday afternoon, conducted by Rev. G. G. Kerr of the Washington Avenue Presbyterian church. Interment will be in the Charleroi cemetery. The deceased was a well known man and was a member of the Charleroi lodge of I. O. O. F. He is survived by his mother, and several brothers and sisters.

### May go to Homestead.

The Monongahela Ku-Klux-Klan may go to Homestead Monday evening to take part in a Hallowe'en celebration there. The Homestead people have offered the Klan a handsome pecuniary inducement for their presence.

Berryman's are going to give 10 per cent. of their cash sales on Saturday to the Charleroi-Monessen hospital, Help them to swell the amount by purchasing on Saturady. 62t1

## Give Him a Boost.

For the first time since its existence as a political division, Charleroi is represented in the official family at the county court house. This is by Controller John H. Moffitt, the Republican candidate for the office at the election next Tuesday, who was appointed by the Governor to serve when the office was created until his successor was elected. As he is a candidate to succeed himself, he should get a good vote from his home town.

As frequently stated, it is decidedly to Charleroi's advantage to have a representative at the county seat, not that any special advantages may be derived officially, but on account of having some one there with whom people from this section are acquainted and to whom they can turn for information and consideration when they visit the county seat. Mr. Moffitt can also keep his people over here in closer touch with county interests, and in that manner perform a signal service for his town.

As a matter of compliment the voters of Charleroi should honor him with a large vote at the election next Tuesday. He is deserving of this honor and will make a good and efficient public official. Let every body give him a boost on election day.

## Above Trickery.

President Feehan's refusal to lend his aid to the dispicable trick by which the opponents of John H. Moffitt, candidate for county controller, sought to array organizd labor against the latter, is not only characteristic of the sound judgement and loyalty of the president for the principles he represents, but it is also a refutation of the charge frequently made that organized labor lends itself at times to the furtherance of indivdual and political interests. There is common sense in all things, and no one recognizes this more clearly than President Feehan.

In its struggle for the principles it represents the Mine Workers' Union never sanctions violations of the law; neither does it stamp its seal of approval on any attempt to use the organization for personal or political ends. Whenever the miners' organization takes a stand on a public question it does so open and above board and with the endorsement of all concerned. It is above petty and technical grievances which have no weight or bearing on the main questions at issue.

## A Little On Gas.

Are the people standing still and being robbed? And the answer comes back, "Don't know, guess a good many are moving around."

If the gas companies cannot be induced to lower the prices, why not have some fellow invent a new kind of cheap gas that could be manufactured in the evenings at home.

Why pay gas bills—let your gas be turned off.

Stop, look and listen, then hide, or the gas man will get you. No one can say they like to pay the extra price for gas—but actions speaks louder than words.

## ELECTRIC SPARKS

Charleroi's celebration of Hallowe'en arranged in a hurry gives promise of being some tall affair. We always were long on celebrations anyhow.

There has been some changes in the laws governing the trespassing on private property. Which may be expected to please the farmers who have nice game at which city hunters like to shoot.

## GOOD HEALTH---GOOD LOOKS

### Here Is The Way To Help Nature and Regain Your Youthful Beauty.

Unwholesome faces are always unhealthy faces Boils, pimples, sallowness and wasted features all show nature's losing fight against the skin's lack of vigor and poor circulation. Feminine readers who have endeavored with varying success to improve their complexions by means of massage, will be delighted to know that with Crown Cream and a new toilet appliance called the Harlan Beauty Cup, every one becomes at once an expert at massage. More than that the desired effects are more quickly secured, wrinkles disappear as though by magic, and the results are permanent.

Crown Cream has long had an enviable reputation as the best and most effective face cream made. It can be, and often is used without massage, as a bautifier pure and simple, because its action is beneficial in every way, without dependence upon the massage feature. However, all objections to massage on the part of the inexperienced, are overcome by the use of the Beauty Cup. Its mild vacum action is so much better than is possible even by expert hand manipulation that it quickly wipes wrinkles away, and aids Crown Cream in giving tone and health to the skin tissues. The Beauty Cup is sold by all dealers for 50c, and this is the price of the Crown Cream per jar. These are toilet essntials which every woman should possess. ## LARGE NUMBER OF CHILDREN AFFECTED

Charleroi and near vicinity have more than usual interest in the changes in the minor labor laws in Pennsylvania, from the fact that this great industrial community requires many minors as workers. Both the mines and industrial plants claim them, and including Charleroi, Monessen, Belle Vernon and adjacent community, it is estimated that in the neighborhood of 1,000 boys and girls, who will be affected by the changes in the law, are employed. Many of these belong to foreign families, who take their children out of school as soon as they are permitted by law and many of them by swearing falsely to their children's ages, even sooner. In Charleroi alone there are probably 300 or 400 minors employed.

Many foreigners are in the habit of taking their children out of school as soon as possible and sending them into the factory or mine to secure work, and add to the sum earned by the father or head of the family. In most cases, however, it is from absolute necessity that the children are taken from school and put to work. There is much work to be done in glass plants by minors, and they are constantly during the winter months looking for boys. It is seldom indeed that a boy cannot find a "job" at a factory where boys are employed, if he is at all willing to work and can show his "papers." The Macbeth-Evans chimney factory of Charleroi probably employes more boys than any other factory in this vicinity, having in its employ, it is estimated, nearly 200 minors. Girls are also employed there. The Imperial Bottle factory employes many boys, nearly half of its force being minors.

### Sunday School Convention.

The fifth annual convention of the ninth district, Washington County Sabbath School Association, was held in the Central Presbyterian church at Washington, yesterdaay. Mrs. H. C. Bobblitt spoke in the afternoon on the topic, "The Adult Bible Class." In the evening Rev. G. G. Kerr, county president, spoke on "Odds and Ends of Sabbath School Work."

Someone said that the Monongahela river was rising. Which only is another way of saying that there will be more coal shipped down.

## HELPFUL HINTS ON HAIR HEALTH

**Scalp and Hair Troubles Generally Caused by Carelessness.**

Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to someone else. No matter how cleanly the owner may be these articles may be infected with microbes, which will infect your scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else's hat. Many a hatband is a resting place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which we believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that it will cost you nothing for the trial if it does not produce the results we claim. This remedy is called Rexall "93" Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equals it for effectiveness because of the results it has produced in thousands of cases.

Rexall "93" Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought about by disease and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ mattre and brings about a free, healthy circulation of blood, which nourished the hair roots, causing them to tighten and grow new hair. We want everybody who has any tourble with hair or scalp to know that Rexall "93" Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understaniding that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and $1.00. Remember you can obtain Rexall Remedies in Charleroi only at our store—The Rexall Store. John W. Carroll.

## PRESIDENT FRANCIS FEEHAN WAS ASKED TO ENDORSE THE CIRCULAR

### Some Interesting Facts Made Known in Letter to Mail

### MOFFITT OBEYS THE LAW

That the circular for which Obediah [illegible] Wednesday for distributing in Monongahela was only a political trick to injure the candidacy of John H. Moffitt for controller is evidenced by the refusal of President Francis Feehan of District No. 5 of the United Mine Workers to give it his endorsement. John J. Oates of Charleroi, a field inspector of the State Health Department, who is now located at Canonsburg had a conference with President Feehan yesterday and learned the facts of the latter's action, in the matter, which are given in the following letter:

To the Mail: Always being interested in the struggle of organized labor I was more than surprised to see in the papers this morning that John H. Moffitt was accused of favoring scab labor in preference to union labor by having the ballots printed by the firm that gave the lowest bid. There is, Mr. Editor, a difference of opinion as to the lowest and best bid, and this is what appears to have awakened this remarkable appeal to organized labor by the Democratic party.

Knowing John H. Moffitt as I do, particularly during the trying times of 1903-4, I have every reason to believe he never let, if he had the power, which I doubt, the contract with the idea that the working men would suffer. Being a neighbor of Mr. Moffitt for many years, and knowing of his many acts of kindness, I do not believe that organized labor was with Mr. Turner, whoever he may be. Organized labor does not do business like that. If the law did not so require Mr. Moffitt would be the last man in the world to let the contract to a non-union shop. Organized labor generally fight for what it wants.

In this case Turner makes an appeal to the passions of the mine workers' organization, and asks them for an endorsement of the circular. President Feehan, knowing the sense and reputation of the organization for fair dealing, and that it knows no party in the fight for justice, asks Mr. Turner if he had an endorsement of the circular by his own local, or from the Trades Assembly of Washington. Mr. Turner said no. President Feehan refused to give his endorsement to the circular. To the men who know Francis Feehan, this refusal means very much. The latter's strong advocacy of the union label is well known, but like all goood union men the appeal must come clean. President Feehan told Mr. Turner he should get his home endorsement, but the latter could not, and yet with the help of some one he is condemning the candidacy of John H. Moffitt.

Belonging to an organization for 27 years, and participating in the victories and defeats, I can say that organized labor never took advantage of any one. It is always willing to have its cause made public

Very respectfully,
JOHN J. OATES.

### Solly is Back.

Solly Stroup, formerly of Charleroi, returned from Alaska yesterday and is anxious to get into the boxing game once more. He claims the lightweight championship of Alaska, having won 12 fights, all be participated in, while in that section. He fought in Fairbanks, Nome and Dawson, his last match being with Jack Marshall of San Francisco on Labor Day, knocking him out in 18 rounds. Stroup met [illegible], Campbell, Hamilton, Henninger and others in this section before going North.

## COUNCIL MAY TAKE UP GAS QUESTION

Apparently in the the fluster of completing the arrangements for Hallowe'en, and making other plans, the gas question has been forgotten by many. There has nothing been done towards taking any action. The people feel that it is up to some one to take the initiative in the calling of a public meeting, or something of the sort, but no person seems to want to be that one. It has been suggested that the Merchants Association take up the matter.

Council may discuss plans of securing a rebate, after they get out of the all absorbing milk question, but at the present time, it is hard to predict that they will do anything. The question may be taken up at the next meeting, however, and it is will probably end in preliminaries being made for a fight.

California and Donora are both ready and willing to join hands with the local people in the proposed fight, and Donora is having the Philadelphia Gas company prepare bids, with a view of having them come in the town. The council could do the same, inasmuch as the Philadelphia company has a line running through here.

### The Merry Cobler

This evening the dramatic section of the Monongahela Turn Verein will present at the Charleroi Turner Hall the beautiful comedy drama in four acts entitled "The Merry Cobbler." It is a catchy comedy in which each artist in the large cast has plenty of opportunity to show his or her ability and the personnel is composed of some of Monongahela's best amateurs. William Volker, the instructor, and a man well up in professional theatricals, takes the stellar role of "The Merry Cobbler" and he is ably supported by an exceptionally clever cast. The advance sale of seats has been encouraging and the outlook is for a well filled house this evening when the curtain goes up.

### Something More Needed.

The Brownsville church workers are going to clean up the politics of Brownsville and preserve the purity of the ballot. The reformation of political methods in Fayette county is up to the honest and self respecting citizens without regard to their church relations; in fact, a church membership is not always a guarantee of good citizenship.—Connellsville Courier.

### Understudy Did Well.

Last night Paul Burns, leading man of the Paul Burns Stock company at the Monessen Opera House, was taken sick in the first act and was unable to continue. His part was taken by Harry Fisher of the company, who with little previous study of the role acquitted himself most creditably.

### Hunters Shoot Colt.

Reckless hunters shot a colt valued at $200 belonging to John McKennan on the latter's farm in North Franklin township this week. The animal had to be killed.

## BELL TELEPHONE CO. TO INSTALL CABLES FOR THE TRUNK LINES

The Bell Telephone company is preparing to make extensive improvements in this section which will greatly improve the service among the valley towns from and including Donora to Belle Vernon. This will be the hanging of cables over this part of the district. Four towns will be in the group to be benefitted by this improvement, Charleroi, Monessen, Belle Vernon and Donora.

The work will be begun within a short time, John Holland, an expert in the hanging of cables, from the Bell company's construction department at Pittsburg, to be in charge of the work, It will take a matter of months before the work is completed.

By the hanging of cables, there will be a distinct and much needed improvement in the Bell Telephone service. It has been noticed that in the past occasionally, there has been trouble by Belle subscribers in getting calls to the others towns in this group, and that occasionally when they are talking a roar on the line is noticeable. The cables will be 50 pair. The material is already on the ground and the work will start within a few days. Not only will the four towns be connected by the cable service, but additional cables will be hung in Charleroi, Monongahela and the other towns named above. The Bell company is given considerable attention to the valley at the present time, and making many improvements that will aid in establishing a higher grade of efficiency.

## RELEASES OF DAMAGE ARE NOT YET SECURED

Comparatively few releases and waivers of damages have been secured along the Donora and Monongahela road which it is proposed to brick. There has been some trouble about securing releases of damage, some of the property holders near Donora refusing to agree to sign waivers. Until they are secured all along the route, the county commissioners will do nothing towards having the work begin. Monongahela has secured part of the releases along the road near that borough.

## FLAMES DO DAMAGE TO A DONORA HOUSE

A house at Donora belonging to T. B. H. Brownlee of Washington was much damaged by fire yesterday morning at 10:30 o'clock. The flames originated in the second story of the house and before the firemen could respond to the alarm, which was turned in immediately, had a good start. The cause of the fire is unknown, but is supposed to be from a gas leak. The house was occupied by two foreign families, who sustained a large loss, by damage to their household goods.

### Still Making the Rounds.

B. R. Clawson, of Breadhead, Wis., representing a large carpet and grass matting firm of that place, of which his son-in-law is the head, was here over yesterday, and visited his nephew, J. L. Reeves of Fallowfield avenue, and niece, Mrs. M. E. Chalfant of Washington avenue. Mr. Clawson is probably one of the oldest traveling men on the road at the present time, being not far from 75 years of age, yet he is still active, and covers fifteen States, selling in the principal cities.

### "The Merry Cobler."

A comedy drama in four acts in Charleroi Turner Hall, Friday evening, October 29, 1909 by the M. T. V. Dramatic section of Monongahela. Tickets twenty-five cents. Doors open at 7:30 performance at 8:15. Tickets on sale at Piper's Drug Store. 57t6

### Notice.

To members of Charleroi Lodge No. 1030 I. O. O. F. There will be a special meeting Friday evening at 7:30 o'clock at the I. O. O. F. hall to [illegible] Brother J. G. Phyle. All members requested to be present.

Robert Craig,
62t1 Noble Grand.

### Just Think

Ten cents out of every dollar you spend at Berryman's on Saturday, the Tag Day, goes to the Hospital fund. 62t1

## FIREMEN WILL TURN OUT IN UNIFORM FOR PARADE ON MONDAY

The Charleroi Fire Department will turn out with full equipment and in dress uniform for the parade Monday night, in the observance of Hallowe'en. It is supposed that there will be nearly a hundred members in line.

There will be two or more bands. It has been suggested that this would be a good time for the Italian band to make its first appearance. The Washington Avenue Boys' Brigade will be in line under the command of Capt. Walgreen.

## GRAND JURY TO TAKE UP WORK ON MONDAY

The grand jury for the November term of criminal court will be called together on next Monday afternoon, and will take up the list of cases set for this term. A week from Monday trial court will be convened and there will be court every day, except Sunday and holidays, until almost the first of the year.

There are 150 cases on the dockets, but as a number of defendants have entered pleas of guilty it is not likely that there will be more than 80 indictments to be laid before the grand jury.

There will be two homicide cases presented to the grand jury, that of Constable John Young, charged with causing the death of Andy Gashes at Houstons Run, September 26, and Peter Czverankkovich, charged with the killing of Alex Bololo at Manifold.

The case of the Commonwealth against Pasquale DeSimone, charged with a double killing at California, is set for trial for the coming term of court having been continued from last term.

### Athene Club Meets.

The Athene Club of ladies of Charleroi are holding their regular fortnightly meeting this afternoon, at the Merchants Association rooms. Five minute talks will be the feature of the meeting on the sub-topic of "The Franks," in the study of the Middle Ages. The talks will be by Miss Murial Scott on "Clovis," Mrs. T. L Brown on "Charles Martell," Mrs. H. J. Booth on "Pippin," and Mrs. A. O. Davis, on "Charlemagne." Quotations were given by members of the club, in reference to the topic of discussion.

### Well Entertained.

"A Trip to the Orient," illustrated with stereopticon views was presented by the Dorcas class of the First Presbyterian Sunday school at the church last night. J. D. Morrison of Pittsburg was the lecturer and he has traveled through Egypt, India, China and other countries of the Orient.

Miss Mildred Lamb of California gave some interesting recitals which were well received.

See Berryman's Tag Day Sale ad on last page. 62t2

### Kept Daughter From School.

John Pittall was fined $2 and costs by Justice Wilson, last night, for not sending his 12 year-old daughter to school. Information was made by Truant Officer Uptecraft against the man, and it was apparently no difficult matter to prove the truth of the charge.

### Help the Hospital.

We are offering many choice bargains for Saturday, the Charleroi-Monessen hospital Tag Day, thereby enabling you to save money on your purchases and also swell our gift of 10 per cent. of our cash sales to the fund.—Berryman's 62t1

The Misses Marie and Marguerite Bertram entertained at their home on Lookout avenue about thirty of their friends from Charleroi and Monessen. The evening was very pleasantly spent in playing games. Lunch was served at 11 o'clock, after which the guests departed for the respective homes.

Don't forget Tag Day on Saturday at Berryman's means that out of every $1.00 you spend there, 10 cents of it goes to the Charleroi-Monessen Hospital as benefit. 62t1

### Big School Enrollment.

Washington borough schools have completed the second month's work of the 1909-1910 term. The enrollment the past month was 3,137.

## FERMENTED KETCHUP EXPLODED AND FOUR PERSONS ARE BADLY INJURED

### More Gauging Stations.

The Pittsburg Flood commission, of which H. J. Heinz is president, will have established along the Monongahela and Allegheny rivers ten additional gauging stations for the measuring of the volumn of flow of certain of the major tributaries. The Water Supply Commission of Pennsylvania is operating about 50 gauging stations on Pennsylvania streams. With the establishment of the ten new stations an accurate determination can be made of the daily flow of all the larger tributaries of the Allegheny and Monongahela rivers.

## CHANGE IN HUNTING LAW PLEASES FARMERS

Farmers in the neighborhood of Charleroi are much interested in a law, which is to be put into effect. It has been custom for farmers to post trespass notices on their farms to present trespassing thereon by hunters, but through an act approved by Govenor Pennypacker, April 14, 1905, this is not necessary. All they have to do is to post "Private Poperty, Keep Off," notices. The following is the act.

Section 1. Be it enacted, etc., That from and after the passage of this act it shall be unlawful for any person wilfully to enter upon any land, within the limits of this Commonwealth, where the owner or owners of said land has caused to be prominently posted upon said land printed notices that the said land is private property, and warning all persons from trespassing thereon, under the penalty provided in this act.

Section 2. Every person violating the provisions of this act shall be liable to a penalty of not exceeding ten dollars, together with the costs of prosecution, to be recovered before any magistrate or justice of the peace as fines and penalties are by law recoverable; and, in default of said fine and costs, the party convicted shall be committed to the county jail of the proper county, for one day for each dollar of fine imposed.

Section 3. All penalties recovered under this act shall be paid to the school fund of the district in which the trespass was committed.

The law has never until this year been enforced in this vicinity and the farmers have suffered somewhat. Now they are thinking of taking it up and enforcing its various provisions.

### Quincy Adams Sawyer Tonight.

"Quincy Adams Sawyer," which comes to the Coyle Theatre tonight, gives an honest story of wholesome people told brightly with great human interest. The pathos is of the decent sort and is never obtrusive. The fun, while fast and furious, is always cleanly. In addition, the play is given the most complete and elaborate production possible to the modern stage. The company has been selected with special reference to the fitness of the players for the work they are to perform and the ensemble shows the completeness which is welcomed by theatregoers.

### Old Injury Causes Amputation.

Peter Shone, a well known citizen and former hotel proprietor of Monessen, is recovering from the effects of an operation on Monday when he had his left foot amputated. The operation was performed by Drs. Letterman, of Coal Centre, and is the outcome of an injury received over 25 years ago when one of the toes was crushed. An abscess formed and much suffering has since resulted.

### Glass Bottle Burst and Pieces of Glass Fly in Every Direction

## HOME OF REV. SECHINSKY

With the sound of a bomb a bottle of ketchup exploded at the home of Rev. J. Sechinsky of the Russian Orhodox church last evening at about 8 o'clock and four persons were much injured about the face and head. A fifth, a guest from New York of Rev. Sechinsky was not much hurt. Rev. Sechinsky himself was the most injured, while Councilman Charles Schmieler and daughter and a niece, who were to take supper with Rev. Sechinsky, were badly injured.

It is supposed that the bottle containing a small amount of ketchup had been closed too tightly and becoming slightly soured started to ferment. This caused the air to become compressed, and finally ended in the explosion.

It was thought at first that it was a bomb that had been set off, in an effort to kill Rev. Sechinsky. Mr. Schimeler's was rendered unconscious, and everyone in the room was blinded. It required the services of two doctors for Rev. Sechinksy, but he is getting along very well today.

## INDICATIONS ARE FOR A BIG SUCCESS

From present indications "Tag Day" is to be held on two days, Saturday and Monday, by the Charleroi Ladies' Auxiliary of the Monessen-Charleroi hospital will be a big success. Tags will be sold by girls and ladies, the purpose being to raise funds for the needs of the hospital.

A special feature that will greatly add to whatever success may be obtained on Saturday, will be the special "Tag Day" sale of J. W. Berryman and Son. This firm will devote 10 per cent. of their cash sales for the day to the hospital, to go in with the amount raised by the sale of tags. This is a most generous offer inasmuch as the sales are always large on Saturday. Mr. Berryman will be making practically nothing on his sales that day as in many cases he is not making near 10 per cent. on the dry goods sold.

### Phyle

Jay G. Phyle, 33 years old, of North Charleroi, died this morning at 4 o'clock at his home after a severe illness of stomach trouble and tuberculosis. The funeral services will be held at the late home at 1:30 o'clock Sunday afternoon, conducted by Rev. G. G. Kerr of the Washington Avenue Presbyterian church. Interment will be in the Charleroi cemetery. The deceased was a well known man and was a member of the Charleroi lodge of I. O. O. F. He is survived by his mother, and several brothers and sisters.

### May go to Homestead.

The Monongahela Ku-Klux-Klan may go to Homestead Monday evening to take part in a Hallowe'en celebration there. The Homestead people have offered the Klan a handsome pecuniary inducement for their presence.

Berryman's are going to give 10 per cent. of their cash sales on Saturday to the Charleroi-Monessen hospital. Help them to swell the amount by purchasing on Saturady. 62t1

## Give Him a Boost.

For the first time since its existence as a political division, Charleroi is represented in the official family at the county court house. This is by Controller John H. Moffitt, the Republican candidate for the office at the elecction next Tuesday, who was appointed by the Governor to serve when the office was created until his successor was elected. As he is a candidate to succeed himself, he should get a good vote from his home town.

As frequently stated, it is decidedly to Charleroi's advantage to have a representative at the county seat, not that any special advantages may be derived officially, but on account of having some one there with whom people from this section are acquainted and to whom they can turn for information and consideration when they visit the county seat. Mr. Moffitt can also keep his people over here in closer touch with county interests, and in that manner perform a signal service for his town.

As a matter of compliment the voters of Charleroi should honor him with a large vote at the election next Tuesday. He is deserving of this honor and will make a good and efficient public official. Let every body give him a boost on election day.

## Above Trickery.

President Feehan's refusal to lend his aid to the dispicable trick by which the opponents of John H. Moffitt, candidate for county controller, sought to array organizd labor against the latter, is not only characteristic of the sound judgement and loyalty of the president for the principles he represents, but it is also a refutation of the charge frequently made that organized labor lends itself at times to the furtherance of indivdual and political interests. There is common sense in all things, and no one recognizes this more clearly than President Feehan.

In its struggle for the principles it represents the Mine Workers' Union never sanctions violations of the law; neither does it stamp its seal of approval on any attempt to use the organization for personal or political ends. Whenever the miners' organization takes a stand on a public question it does so open and above board and with the endorsement of all concerned. It is above petty and technical grievances which have no weight or bearing on the main questions at issue.

## A Little On Gas.

Are the people standing still and being robbed? And the answer comes back, "Don't know, guess a good many are moving around."

If the gas companies cannot be induced to lower the prices, why not have some fellow invent a new kind of cheap gas that could be manufacured in the evenings at home.

Why pay gas bills—let your gas be turned off.

Stop, look and listen, then hide, or the gas man will get you. No one can say they like to pay the extra price for gas—but actions speaks louder than words.

## ELECTRIC SPARKS

Charleroi's celebration of Hallowe'en arranged in a hurry gives promise of being some tall affair. We always were long on celebrations anyhow.

There has been some changes in the laws governing the trespassing on private property. Which may be expected to please the farmers who have nice game at which city hunters like to shoot.

## GOOD HEALTH---GOOD LOOKS

### Here Is The Way To Help Nature and Regain Your Youthful Beauty.

Unwholesome faces are always unhealthy faces. Pallor, pimples, sallowness and wasted features all show nature's losing fight against the skin's lack of vigor and poor circulation. Feminine readers who have endeavored with varying success to improve their complexions by means of massage, will be delighted to know that with Crown Cream and a new toilet appliance called the Harlan Beauty Cup, every one becomes at once an expert at massage. More than that the desired effects are more quickly secured, wrinkles disappear as though by magic, and the results are permanent.

Crown Cream has long had an enviable reputation as the best and most effective face cream made. It can be, and often is used without massage, as a bautifier pure and simple, because its action is beneficial in every way, without dependence upon the massage feature. However, all objections to massage on the part of the inexperienced, are overcome by the use of the Beauty Cup. Its mild vacum action is so much better than is possible even by expert hand manipulation that it quickly wipes wrinkles away, and aids Crown Cream in giving tone and health to the skin tissues. The Beauty Cup is sold by all dealers for 50c, and this is the price of the Crown Cream per jar. These are toilet essntials which every woman should possess. Orders will be filled promptly at the prices named at W. F. Hennings' Drug Store, corner Fifth and McKean, Charleroi, Pa.

## LARGE NUMBER OF CHILDREN AFFECTED

Charleroi and near vicinity have more than usual interest in the changes in the minor labor laws in Pennsylvania, from the fact that this great industrial community requires many minors as workers. Both the mines and industrial plants claim them, and including Charleroi, Monessen, Belle Vernon and adjacent community, it is estimated that in the neighborhood of 1,000 boys and girls, who will be affected by the changes in the law, are employed. Many of these belong to foreign families, who take their children out of school as soon as they are permitted by law and many of them by swearing falsely to their children's ages, even sooner. In Charleroi alone there are probably 300 or 400 minors employed.

Many foreigners are in the habit of taking their children out of school as soon as possible and sending them into the factory or mine to secure work and add to the sum earned by the father or head of the family. In most cases, however, it is from absolute necessity that the children are taken from school and put to work. There is much work to be done in glass plants by minors, and they are constantly during the winter months looking for boys. It is seldom indeed that a boy cannot find a "job" at a factory where boys are employed, if he is at all willing to work and can show his "papers." The Macbeth-Evans chimney factory of Charleroi probably employes more boys than any other factory in this vicinity, having in its employ, it is estimated, nearly 200 minors. Girls are also employed there. The Imperial Bottle factory employes many boys, nearly half of its force being minors.

### Sunday School Convention.

The fifth annual convention of the ninth district, Washington County Sabbath School Association, was held in the Central Presbyterian church at Washington, yesterdaay. Mrs. H. C. Bobblitt spoke in the afternoon on the topic, "The Adult Bible Class." In the evening Rev. G. G. Kerr, county president, spoke on "Odds and Ends of Sabbath School Work."

Someone said that the Monongahela river was rising. Which only is another way of saying that there will be more coal shipped down.

## HELPFUL HINTS ON HAIR HEALTH

**Scalp and Hair Troubles Generally Caused by Carelessness.**

Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to someone else. No matter how cleanly the owner may be these articles may be infected with microbes, which will infect your scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else's hat. Many a hatband is a resting place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which we believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that it will cost you nothing for the trial if it does not produce the results we claim. This remedy is called Rexall "93" Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equals it for effectiveness because of the results it has produced in thousands of cases.

Rexall "93" Hair Tonic is devised to banish dandruff, restore natural color when its loss has been brought about by disease and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter and brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody who has any tourble with hair or scalp to know that Rexall "93" Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understaniding that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and $1.00. Remember you can obtain Rexall Remedies in Charleroi only at our store—The Rexall Store. John W. Carroll.
